About This Course

Are you ready to stay ahead in the ever-evolving field of internal auditing?

Join us for an exclusive 5-day workshop on Navigating the Global Internal Audit Standards. This course is a comprehensive training that offers participants a unique opportunity to develop a foundational and fundamental understanding of the internal audit profession, the internal audit process, and how the IIA's International Professional Practices Framework (IPPF), including the effective 2025 Global Internal Audit Standards serves as the guiding compass for the internal audit activity.

The workshop delivers an enhanced level of knowledge of the professional practice of internal auditing to experienced Internal Audit practitioners, those who are pursuing an understanding of the internal audit nomenclature as new practitioners and external auditors who are transitioning to internal auditing through an in-depth exploration of the domains, principles, and standards.
